## Profile

Passionate front-end developer with a strong foundation in HTML, CSS, JavaScript, and related technologies. Eager to leverage my skills to create user-friendly and impactful web experiences. Known for my adaptability, attention to detail, and strong communication and teamwork abilities.

## Professional Experience

**08/2023 – present**

**coding instructor**
*Ischool* ⧉
As a coding instructor at iSchool, a STEAM-certified organization, my role is to teach children and teenagers aged 6 to 18 computer science. I teach several courses such as Chatbot Development with Python, Data Analysis, Mobile Development using FlutLab and Dart, and Web Development using HTML, CSS, and JavaScript. This allows me to provide a diverse and engaging learning experience. With my experience in teaching and working with kids, I employ effective pedagogical methods to ensure that students grasp complex concepts while enjoying the process. By fostering creativity, problem-solving skills, and critical thinking, I empower young learners to become proficient programmers and prepare them for the technological challenges of the future.
